The Sports Combine is an amazing opportunity! Attendees are trained by successful sports sales professionals and have the opportunity to earn full-time interviews. The network one builds from this sales combine is second to none. This is a great learning platform for those passionate and willing to work in sales.

I attended the Phoenix Combine in November 2014. This was the best possible experience for me because I always wanted to get in to the Sports industry, but did not know how to gain any organization's attention. Luckily, the combine did that for me! I was able to introduce myself to several representatives from multiple sports organizations, and show them through hands on experience that I was ready and able to work! By the end of the event, I had a much better understanding of the positions they were looking to fill, and I even landed a job with one of the teams! For anyone thinking about going to Sports Business Solutions Combine... DO IT! Show up with a good attitude, ask a lot of questions, and listen/ apply what the coaches teach you, and you will land interviews with a couple teams!

As someone who is trying to break into the sports industry this was a necessity. It gives you a great idea of what you can expect if and when you make it into your career.

The Sports Sales Combine was a valuable learning experience! I was able to learn about the sports sales industry. This combine gives you hands-on experience in sport ticket sales from experienced sports professionals. Also, this event allows you to connect and meet other individuals who want to work in the sports industry as well. Finally, each participant gets a certificate of completion which can be used to strengthen your resume.

I was a participant/attendee of this Sports Sales Combine and I'll tell you what...I absolutely loved it. I was open to learning and being coached. I got some new tips and tricks to the industry of sports. I learned quite a bit of new information and just soaked it up like a sponge. They crammed at least 2 weeks of training into 2 days and since I'm a quick learner, I was able to grasp it and implement it immediately as the coaches were there to help steer me in the right direction. I was able to start brand new networking opportunities and have been interviewing with different teams that I'd love to start my career in the sporting industry with. I would highly recommend anyone that wants a job in sports (specifically in sales) to attend a sports sales combine and be ready to learn and absorb information. I'm so glad I invested into this to get the best knowledge from the best in sports. If it weren't for

them then I very seriously doubt I would have any connections to any teams that I'd love to work for. These guys will help you out but you have to be willing to help yourself first and that starts with attending the combine and busting your butt to do a great job. They will notice it, trust me. GO GET IT!!!!

Thank you Bob for putting on an amazing combine! Before the combine, I knew I wanted to work in sports business, but wasn't sure about the sales field. This combine taught me all about sales and helped me realize my potential to be a great salesman. Over the two days of the combine I was able to learn from and connect with some of the top executives in the sports industry. Through this opportunity I am now a Sales Consultant for the Phoenix Suns! Thank you Bob for hosting and providing the platform for young professionals to showcase their skills!

The Sports Sales Combine was truly an amazing event to attend and I would absolutely recommend this event to anyone who wants to start their journey of getting a job in sports. Bob and the rest of the coaches in attendance did an exceptional job educating and training us on what it is like to be in sports sales. As you learn about the product knowledge, effective questioning and the elements of a script you will get constant feedback from the coaches and ultimately see how it all comes together when you are actually on the phones trying to make a sale. To now have the ability to say that I actually have some sports sales experience along with the opportunity to network and interview with the coaches who are currently working in the sports sales industry is

something I would never be able to say if I did not attend this event. Huge thanks to all the coaches for their feedback as well as motivating us and especially to Bob for putting together such an amazing event!

The Sports Sales Combine was the most awesome opportunity that I had this far in my journey to my first sports job. The best part of the event was being able to network with the coaches but also my peers. The event was extremely organized and I will give word of mouth to all my friends and people at my university. Thanks a million Bob and other coaches.

Terrific event, I truly enjoyed getting to know not only, some of the leaders of the Sport Industry, but networking and building a foundation with the other candidates at the combine. The combine offered unimaginable insight and fostered a unique opportunity to display your work ethic and skills over two days. This was the best kind of interview you could ever go on. An opportunity to roll your sleeves up and get dirty while letting your entire personality leak through with constant feedback and uplift. I recommend attending this event for anybody having trouble breaking into the industry.

Jimmy Kasabri – Participant:

I have a lot to give back, thanks to the brilliant organization and placement of key sales execs by Bob Hamer! The event not only connects you with some of the best up-and-comers in the industry, but also applies real-world sales on

the phone, in-person and the way it should be! Look out for the next one this December!!

Amy Lerch – Participant:

I really enjoyed myself while attending this event. It allowed me to network with so many great people and really learn what a day in the life of sports sales is about. I'm excited to keep in touch with all the coaches I met and am looking forward to hopefully working with some in the future! It was a great experience to be a part of. Bob, thank you for all your hard work and thank you to all the coaches that were in attendance. I really appreciate having the opportunity of being part of this event.
