SPORTS BUSINESS SOLUTIONS GROWING TO INCLUDE TRAINING AND RECRUITING SERVICES FOR SPORTS TEAMS

PHOENIX, AZ - Sports Business Solutions, a company initially built around helping people get jobs in sports, is growing. Heading into 2016 they will now offer sales training, consulting and recruiting services for sports teams.

Company Founder Bob Hamer launched the business 14 months ago after a successful eight year stint in the NBA with the Phoenix Suns. He left as their VP of Ticket Sales, responsible for all new ticket sales initiatives & customer retention. Given his background and expertise working in sports he's excited to begin working with more sports teams and helping them achieve success.

In 14 months SBS has hosted six hiring events, visited ten college campuses, worked with more than 100 job seekers and placed more than 60 of those candidates in jobs in sports. Although their company mission and focus has been on helping students and job seekers find work in sports, Bob has also been helping sports teams by providing ticket sales training, consulting and recruiting services. To date they have 16 sports team clients including the Boston Celtics, Miami Dolphins, San Diego Padres, New York Red Bulls, NY Mets and more.

"Our business is evolving and this new direction better represents who we are as a company and our vision for the future" said Bob Hamer, company Founder. He went on to add "At our core we're still the same company, fueled by our passion to help others succeed. We're just expanding our reach to help more teams and industry professionals achieve success the way we've already helped so many people get jobs"

Sports Business Solutions will continue offering career services to industry job seekers but will more aggressively pursue new training and recruiting clients on the team side and will look to add additional staff and potential partners to keep up with the demand and additional workload.

"We have big dreams and aspirations, we want to be a large company with multiple divisions and the destination for all sports teams when it comes to their training and recruiting needs. Given our expertise, proven track record and desire to help others succeed in sports business we feel like we're well on our way to achieving that goal" said Hamer.
